

ELECT DELEGATES TO W. C. T. U. MEET

Local Union Plans Strenuous Program of Activities for Winter.

Six delegates were elected Thursday afternoon to attend the 47th annual Women's Christian Temperance Union state convention at a meeting of the W. C. T. U. at the home of Mrs. George Eberhart, 658 Meade street. The delegates are Mrs. C. C. Nelson, Mrs. John Graef, Mrs. Viola Fox, Mrs. Robert Hench, Miss Inez Gurnee and Miss Flora Kethro. Miss Ada Kethro will also attend as a state superintendent and Mrs. Lucy Pardee as county president of Brown and Outagamie counties. The convention will be held at Ashland from Oct. 8 to 12. Mrs. Pardee said that the local union is planning a strenuous winter program.

NEW PIANO INSTRUCTOR ADDED TO CONSERVATORY

Miss Viola Buntrock, Embarras, a graduate of piano from the studio of Prof. L. A. Arens, has been added to the faculty of Lawrence conservatory. The enrollment was so heavy in the piano department that it was found necessary to engage an additional instructor. At the present time five instructors in piano are working with heavy schedule.

Miss Buntrock graduated from the

conservatory in 1918 and has been teaching privately for the last two years. She is a member of the Sigma Alpha Iota sorority.

BOYS HUNT LIZARDS AT BOTTOM OF RIVER

There are more lizards in Fox River this summer than were ever known before. This was discovered by the shutting off of 75 per cent of the natural flow of water which leaves the bed of the river below the second dam almost dry the greater part of the time. It is no uncommon thing to dislodge one or more of these little reptiles under almost any stone that is turned over and hunting for them is becoming a popular pastime with school boys. Last Thursday twenty college students visited the hunting grounds for specimens for class work, but did not succeed in getting as many as they desired.

gram, with fourteen different departments in operation, of which the Scientific Temperance Instructions in the schools, under the supervision of Miss Inez Gurnee, will be one of the most important. Mrs. John Graef will conduct mothers' meetings, which will be helpful to all young mothers, according to Mrs. Pardee, who has issued an invitation to all mothers to attend. Three new members were enrolled at the meeting Thursday, bringing the membership up to 130.

M'GRAW LANDS BLOW ON LACKAYE'S JAW

Actor Declares He Was Assaulted While Making Friendly Call.

New York—Wilton Lackaye, the actor, confirmed on Friday rumors current on Broadway that John J. McGraw, manager of the New York Giants, had attacked him without warning last Saturday night in McGraw's home.

Mr. Lackaye said that after McGraw had invited him to his house as a friend he had smashed him in the jaw as Lackaye was bidding him good night. Lackaye fell to the floor and suffered a fracture in his left ankle. "I had been in Canada most of the summer," Lackaye said, "and had had no part and little knowledge of the mess at the Lambs between McGraw and Boyd. When I returned a mutual friend told me that McGraw felt very badly about the whole affair, that he had lost most of his friends, and that he felt very lonesome.

"Through this friend I sent McGraw a message of cheer. I told him that I was still his friend, and that I would like to see him. After McGraw had received this message I called him up on the phone and he told me to come to his house. He said that several friends were there and that he wanted me to meet them. I went to his house and told him that the

best thing he could do was to let the Lambs quarrel fade out of the picture as soon as possible.

McGraw suddenly became suspicious and demanded to know who had sent me there. I told him that no one ever sent me anywhere, and that I was acting purely on my own initiative. I also told him that if he felt any suspicious as to my motives I would have to leave the house.

Rapid Action
"McGraw put up his right hand as if to shake hands with me, but suddenly drew back his left arm and smashed me in the jaw. I crumpled up on a sofa by my side and my right ankle twisted under me. I got up then and aimed a few wallop on my own account. The fight was stopped by some persons in the room.

"McGraw received me very cordially when I first went to the house. My personal conviction is that McGraw has been ridden so hard by his former friends that he is running amuck with rage at them all."

Little Hard Coal
IS RECEIVED HERE
The hard coal shortage still remains acute, according to John Hettinger, president of the Ideal Lumber and Coal company. Only one or two cars were received by his company the past week. There is practically no hard coal on the docks and very little in the city. Relief is expected before navigation closes, but the retailers are far behind on filling the orders which are usually taken care of long before then.

REGISTER GIRLS FOR GYMNASIUM CLASS

Miss Constance Johnson, secretary of the recreational department of The Woman's Club, has announced that she has registered enough girls for one large gymnasium class, and the enrollment is growing rapidly. Miss Johnson said that early registration is desirable in order to make any necessary adjustments.

Miss Adelaide McKee is meeting a dozen out of girls every day from 1:15 to 1:45 o'clock at the Vocational school for a physical training and recreational period. Practically a group of sixty girls receive this valuable training every day.

FIND NO CASES OF ANTHRAX IN CITY

Disease Reported to Be Prevalent in Shaving Brushes, Not Discovered.

No cases of anthrax have been reported in Appleton as a result of shipments of infected shaving brushes to Wisconsin, according to Dr. H. E. Ellsworth, health officer.

The Wisconsin board of health received notice from the United States health service recently that brushes containing anthrax germs had been sold by a New York manufacturer. The report came to Dr. C. A. Harper, state health officer from Dr. C. St. Clair Drake, Illinois health director.

Quantities of the brushes are said to have been distributed by a Chicago jobber and it is reported that some were sent to Wisconsin. The state board is awaiting further information from the United States health service before beginning a state-wide roundup that may contain the germ.

Dr. Harper issued a statement that agents will be sent to the stores and the goods will be ordered back to the manufacturer as soon as word comes from the government. He warns all purchasers of shaving brushes to boil them thoroughly, as anthrax is one of the most virulent of contagious diseases.

Dr. Ellsworth describes anthrax as the affection commonly called a carbuncle. It starts something like a boil, but grows much larger and much more painful. It is usually caused from a scratch or cut, which sends poison over the whole system when it becomes infected. The poison has its outlet in the carbuncle.

Ordinarily anthrax can be cured by prompt and careful treatment, but if one forms over the spine it is dangerous. The sore has several openings when it comes to a head, and must be open so as to make only one opening. Persons having large ones usually find themselves violently ill for a day when this is done. The carbuncle or anthrax finally rots away and the sore then closes up slowly.

"This is the first we have heard about shaving brushes being infected," said F. E. Schlitz of Schlitz Brothers drug store when asked about the matter. "The brushes on the market that are supposed to carry this disease, and have had no reports of any such cases from sales made here."

Dr. Ellsworth believes that barber's itch rather than anthrax is what the health boards intended to warn the public against. It is not usual for anthrax to be carried around in this manner, but the germ does produce barber's itch and could easily be spread through brushes. He has had no notice from the state board about the matter.

CAN'T MAKE CIDER; APPLES ARE ROTTING

Peaches are Selling at 25 Cents a Bushel in Michigan, Appleton Man Says.

"The United States government has prohibited the operation of cider mills and as a result thousands of bushels of apples that might otherwise have been converted into cider and vinegar are going to waste," said Fred C. Hartung, who has just returned from a month's visit with relatives at Ludington, Mich.

Mr. Hartung was informed that the fruit crop this year was the largest in the history of the state and never was so much fruit going to waste. Just at present the growers are giving all their attention to the shipment of peaches. "You can buy all the smaller varieties of peaches at 25 cents a bushel," said Mr. Hartung, "and no charge is made by any of the growers for all the fruit a person wants to eat."

Most of the peaches are handled through growers' associations and in this way a great amount of time and labor is saved. The grape crop is also a record breaker and difficulty is experienced in securing pickers. Mr. Hartung says that the fruit belt is located along the shore of Lake Michigan and back of that is the grain belt. Farmers reported that the grain crop was above the average.

Business Lecture Creates Interest

Considerable interest is being shown in business circles in Appleton. The speech of Mr. Van De Vries of Chicago to the Chamber of Commerce and this to be followed by a lecture to business men on the New Conception of Business by Professor Francis M. Ingler at the Bushey Assembly, next Tuesday, have awakened a new responsibility among business men.

The lecture to be given by Professor Ingler will present the new conception of the business man from an entirely new angle. Professor Ingler is not only a student, but knows actual business from participating in it.

LOW DEATH RATE IN TWO BADGER CITIES

Appleton Is Not Included in Table of Cities Showing Infant Mortality Rate.

Madison, Wis.—Marinette and Madison, Wis., rank among the cities of the United States where babies "have the best chance" in the annual statistical report of the American Child Hygiene association, Baltimore, Md., covering the year 1919. Only eight of 263 cities in the United States, covered by the reports, had infant mortality rates under 50 per 1,000 population.

According to the authority quoted, these cities and their rates were: Brooklyn, Mass. 40 Berkeley, Calif. 44 Marinette, Wis. 45 Aberdeen, Wash. 45 Everett, Mass. 47 Madison, Wis. 47 Piqua, Ohio 48 Alameda, Calif. 49

The rates for 15 Wisconsin cities are quoted as follows: Beloit, 74; Eau Claire, 67; Fond du Lac, 135; Green Bay, 109; La Crosse, 54; Madison, 47; Manitowoc, 108; Marinette, 45; Milwaukee, 89; Oshkosh, 51; Racine, 123; Superior, 110; Wausau, 79.

Only when the number of reported births was furnished by the health officer was the city included in the table.

APPLETON WIRE WORKS OCCUPIES NEW UNIT

The Appleton Wire Works is moving into its new addition, which was recently completed. It is a two-story brick structure 40 by 110 feet.

The lower floor will house several rooms which had formerly been placed in a building erected for warehouse purposes. A crew of workmen is already moving the machines. The second floor will be used for a stretching and finishing room.

The employees of the company initiated the new structure by holding a dance on the upper floor, which is of polished hardwood, about two weeks ago. The place was beautifully decorated with bunting, streamers and Japanese lanterns. An orchestra was engaged for the occasion and several hundred people attended.

POLICE KEEP CARS OFF ONEIDA STREET

Parking Cars Near Theater May Be Cause of Serious Accidents.

People who attend the Appleton theater are asked by George T. Prim, chief of police, to use the public parking place on the lot opposite the fire station instead of leaving their cars on Oneida street.

"Oneida street is narrow and when cars are parked on both sides, machines can pass only in the street car tracks," said Chief Prim. "This may be the cause of accidents. As long as there was no other place to park the cars, I did nothing about it, but the parking place has solved the problem and I want to ask every automobilist to refrain from using that block of Oneida street as a parking place."

Two officers were stationed in the block between Washington and Franklin streets Thursday evening to request automobilists to use the new parking place. Everybody willingly complied and the street was left clear. About 50 cars can be accommodated in the lot, which is convenient to the theaters and the downtown district. The ground has been cleared of rubbish, nails and everything dangerous to tires. The city also has a parking place ready west of the Wolf Shoe store on College avenue opposite Superior street.

MISSION FESTIVAL AT ZION CHURCH SUNDAY

Zion Lutheran church, the Rev. Theodore Marth, pastor, will observe its annual mission festival Sunday. Three services will be held. German services at 10:15 o'clock in the morning and at 2:30 o'clock in the afternoon, and the English service at 7:30 o'clock in the evening. Pastors of neighboring congregations will speak on home, foreign and negro mission work. Messrs. Doering and Hoemann will have charge of the decoration of the church. The choir and the children's chorus will furnish special music. Mr. Marth has issued an invitation to all members and friends to attend these services.

RAILWAY PROPERTY HERE IS IMPROVED

Appleton Junction Depot and Warning Signs Are Given Coat of Paint.

All "Look Out For Cars" signs of the Northwestern road between Fond du Lac and Green Bay are being repainted by a crew of painters consisting of Elmer Zeaman, Frank and John Tultz and Louis Fritz of Fond du Lac, who have been working in Appleton for several days.

They have just completed painting the depot at Appleton Junction and resumed their northward journey Thursday, working on signs in the business district. The depot was painted a fawn color with brown trimmings.

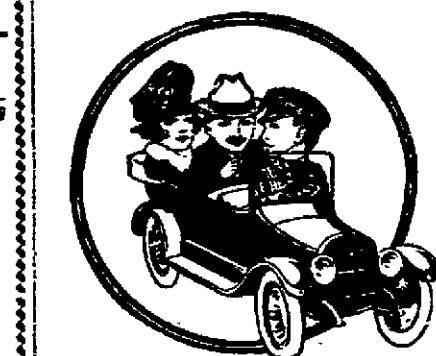

Many of the railroad crossing signs were greatly in need of paint and according to Mr. Zeaman had not been painted for seven years. The crew confines its operations to the Northwestern Wisconsin division of the Northwestern road and is kept busy throughout the year.

New gates are being installed at the Pacific street crossing and an elevated flagman's house has already been completed.

The traffic census recently taken at Bates street crossing immediately east of the freight depot may result in the appointment of a night flagman at that point.

Town Talk

Thanks From Baker

The postoffice has received a communication from Newton D. Baker, secretary of war, thanking the officials and employees for their efforts to help recruit men for the army. It stated that the men had been enlisting in satisfactory numbers, due to the educational and vocational training offered. This gave the army a better quality of men.

Escapes From Asylum

The police have been asked to assist in the capture of Sam Moore, an inmate of the Northern State hospital, Winnebago, who escaped Wednesday afternoon. He is 37 years old, five feet six inches tall, weighs about 141 pounds, has dark brown eyes and black hair. He wore a dark coat and a pair of khaki trousers. His home is said to be at Oconto, but he has no known relatives.

Take Lead

Division D of the Y. M. C. A. Aero membership race is piling up points already by being the first to get its organization completed under the direction of Lieutenant W. S. Ford. The other three groups are working busily to complete their preparations for the race. The contest is to start October 5 and lasts for three days.

SHIPYARDS IN EAST ARE CLOSING DOWN

Roy Zuehlke, who was employed in ship building during the entire war and since the armistice was signed, first at Manitowoc ship yards and then at the yards at Camden, New Jersey, has returned from the latter city, the yards in which he was employed having shut down.

He said there has been very little ship building of late, the yards having given their attention principally to repair work. At the time he left the east, which was before Henry Ford announced the drop in prices of his automobiles, there was no indication of a general slackening in business aside from shipbuilding, and nearly everybody was employed.

Mr. Zuehlke returned home in his automobile covering nearly eleven hundred miles. He followed the Lincoln highway which is paved for a portion of the way in Pennsylvania. Further west he found it badly cut and not in as good condition as the Yellowstone trail over which he also traveled several hundred miles. The two highways were filled with cars from all over the country.

Road Board Meets

The county, state road and bridge committee held a meeting at the highway commissioner's office at the courthouse Friday afternoon at which several matters pertaining to road work were considered.

- 7 lots on Gilmore Street, between Locust and Story Sts.
- 10 lots on De Forest Ave., between Locust and Bennett Sts.
- 3 lots on Lafayette St., between Locust and Bennett Sts.
- 25 lots on Richmond, Erb and Alvin Sts., between Second Ave. and Brewster Sts.

This is only a partial description of the lots which are all well marked and staked. If there is any information you desire, call at my office or telephone.

Every lot offered at this sale is bound to advance in the very near future to a surprising value.

As soon as the price of building material comes down, the value of lots is sure to advance, because this is the only commodity that has not increased in price within the last two or three years.

These lots are all within easy reach of good school facilities.

Other good points:

- First, a good many of them have sidewalk.
- Second, a number of them have sewer and sidewalk.
- Third, a number of them have sidewalk, city water, sewer and gas.
- Fourth, the people who have purchased these lots so far, are particularly well pleased with the home surroundings and ideal location.

Come Out Saturday Afternoon or Sunday and Select One or More of These Lots. You Cannot Go Wrong.

I shall have representatives on the grounds to show you these lots on Saturday afternoon and Sunday.

This is no high pressure lot selling campaign, but, only the selling off of the remaining lots owned by Mr. Erb, at such a price that you should not neglect looking them over. No one will ask you to buy, simply look them over.

WHERE THE MONEY MUST COME FROM.

Telephone facilities did not keep pace with growth, during the war, because the government put strict limits on new construction. Now labor and materials are high.

During war time, if the government income from telephone service did not pay the bills, Uncle Sam went down in his pocket and made out the deficit out of taxes.

It is really much fairer for the user of the telephone, who gets the benefit, to pay what the service is worth.

Improvements must keep pace with the public's demands, and there is no way for the Telephone Company to get the money to pay for them, except by an increase of rates.

Increased facilities increase the value of the service to every subscriber.

THE BOOK OF DEBORAH

The Quizzes I Have With Bob Do Not Make Me Unhappy

"But how would Deborah save the man she loved from the complexities, irritations, jealousies, disappointments and disillusionments of a love-triangle?" I asked myself as I waited in the dusk for Bob to come home to a late dinner. Mr. domestic adviser and household assistant, a dignified graduate of a state university, who comes by the hour six days a week, and is paid more than the average teacher—this accomplished young woman prepares our evening meal, and I serve it.

My husband was very late. He hadn't phoned me. Luckily, we had a chilled meal for the end of a hot day, and it was safely reposing and improving on the ice. So I sat in my swing under my pine trees and wondered alternately about Deborah and Bob.

I couldn't answer the involved problem I had put to myself about Deb, and it occurred to me that I might much better endeavor to solve my own matrimonial difficulties.

Things were going pretty badly with Bob and me. We had reached a period in our married life when we should be settling down to a quiet anchorage on untroubled waters; and we were still navigating between typhoons of temper and rocks of regret.

I know several war brides, like myself, who are having stormy voyages on the seven seas of matrimony. Personally, I am rather shocked when I count the derelict divorces in our so-

ciety shallow. And I expect Bob to steer our little craft into some near port of happiness.

But at the time Deb and I became such close friends, my husband didn't seem to be giving all of his attention to our ship. I couldn't guess whether he had lost patience with me as his first mate, or whether he was losing interest in our enterprise.

And why was he so late to dinner? I miss Bob awfully when we are quarreling. He is my familiar spirit, the one human being with whom I am most at home. Even when we discuss our differences, I am not unhappy, because he is my other self, and one cannot quarrel seriously with oneself. It's hard to put the feeling into words, it is really the most ancient bond between true lovers, and Bob and I have often talked about it.

Considered in the light of love eternal, we were at odds over a trivial—even a ludicrous happening: Bob had let me have my hair cropped, then he hadn't seemed to miss the loss of it a bit; and then I had by accident discovered him at his garden walk with a bunch of his sister caught in Katherine Miller's blowing tresses and I had heard him refuse to break a strand of what he called "threads of living gold."

Deb happened along with me—and she had no such compunction—she said: "Dear girl!"

As I waited for Bob to come home to dinner, the picture I had seen in the box after he had kissed me. But instead of making me weep, as once it would have done, it left me cold and sane.

Sister Mary's Kitchen

Vegetables can be turned into delicious marmalade and preserves.

Little yellow tomatoes make a wonderful preserve to serve with hot buttered toast and tea. The tiny pear-shaped tomatoes are best to use.

YELLOW TOMATO PRESERVES
5 pounds tomatoes
4 1/2 pounds sugar
1 lemon (optional)
Scald and peel tomatoes. Slice lemon very thin and add to tomatoes. Make a heavy syrup with the sugar and just enough hot water to dissolve the sugar. Add tomatoes and cook slowly until the tomatoes are clear and transparent. Seal in sterilized jars while boiling hot. Or the preserves may be cooked longer and put in jelly glasses. Cover with paraffin when cold.

Carrots combined with oranges and lemons, or lemons alone, make a delectable marmalade. There is a small amount of sugar in carrots so the amount of sugar may be lessened in making the marmalade.

CARROT MARMALADE
3 cups carrots
2 lemons
1 orange
2 cups sugar
Wash and scrape carrots. Put through the food chopper. Barely cover with water and cook until tender. Squeeze juice from lemons and orange. Put rinds through food chopper. Cook in water to barely cover until tender. Combine and add sugar and juice of lemons and orange. Cook until thick. Put into jelly glasses and cover with paraffin when cool. The carrots should be measured after putting through the food chopper. This marmalade has the appearance of orange marmalade. The taste is rather like that of orange marmalade without the bitter tang.

WISCONSIN WIRE WORKS EXPANDS

New Addition to Plant Is Under Way—Large New Loom to Be Added.

A new factory unit giving 5,000 square feet of additional floor space and the installation of a new 158 inch loom are the latest improvements at the plant of the Wisconsin Wire Works, according to J. D. Watson, manager.

The new building will be of concrete block construction two stories high, and is to be added at the east end of the present plant. Work was started about two weeks ago and the contractors expect to complete it late in the fall.

Part of the addition will be used for a machine shop and the remainder is to house the new loom which will produce wire cloth 195 inches wide. Most of the equipment for the machine has already been ordered and delivery is expected by the time the building is completed.

ONE GERMAN PAPER IS DISCONTINUED

Rising Costs Cause Suspension of Montagsblatt by Meyer Press.

After publishing its German paper as a semi-weekly for about 27 years, the Meyer Press has been forced to discontinue its Monday issue known as the Montagsblatt because of constantly rising costs.

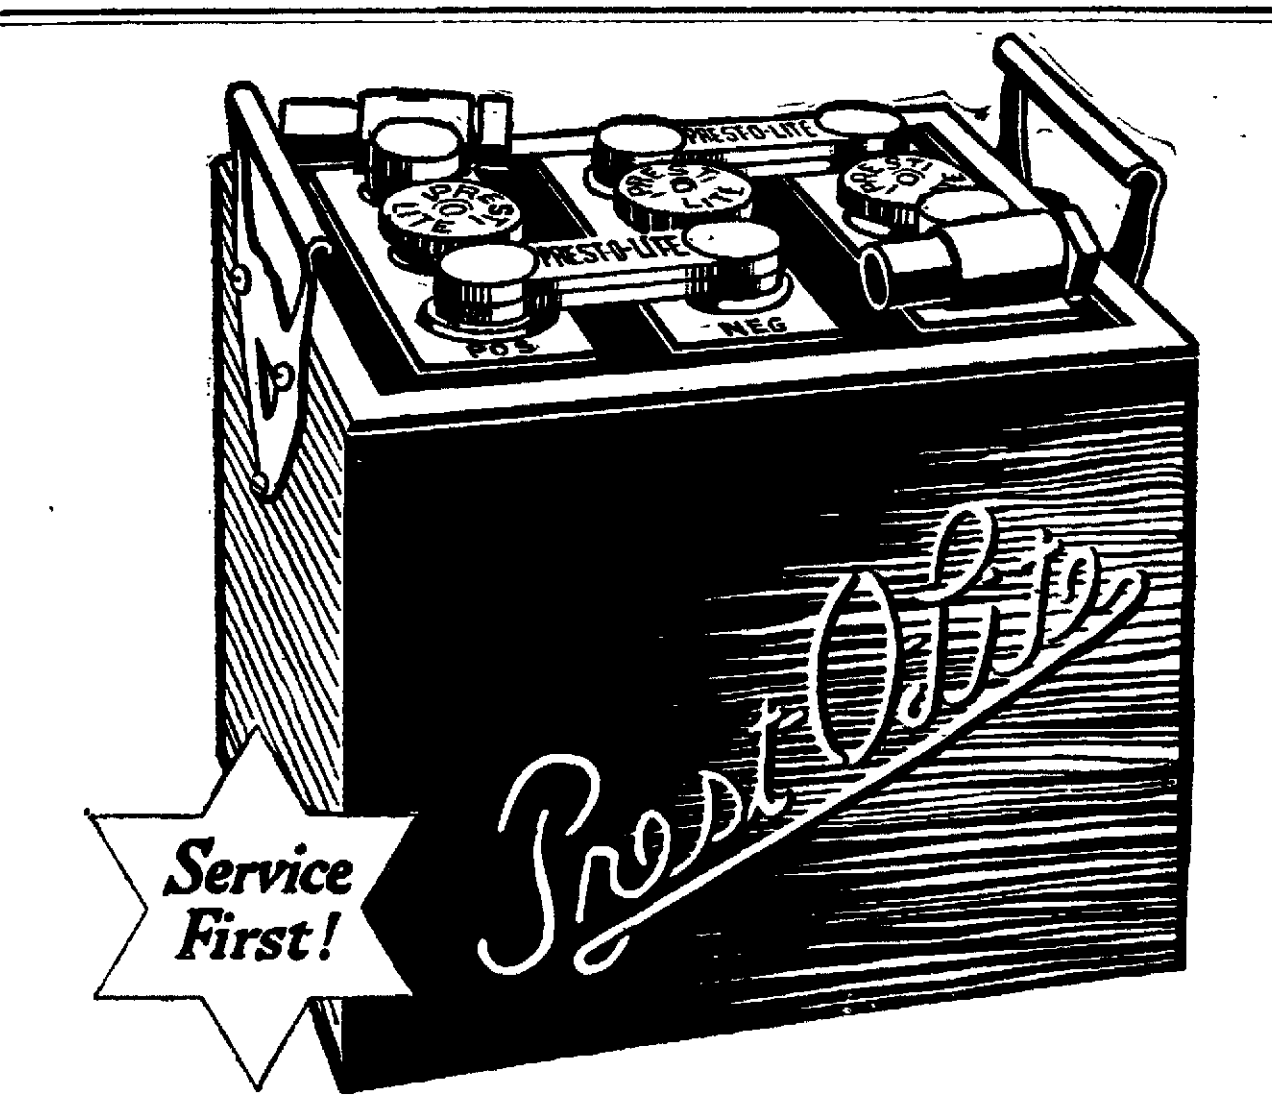

The company has issued the Volksfreund on Thursdays since 1869 and in 1892 added the Montagsblatt, giving both papers for one subscription price. The cost reports for the past few months showed that the revenue derived from the two publications was not enough to pay the expenses, and that the job printing plant was carrying the burden.

Rather than abandon the field, the company decided to drop the Montagsblatt and continue the Volksfreund. The subscription price will remain the same, but the subscriber will receive one paper instead of two.

The Volksfreund will come out on Thursday as usual, but it will contain the news of the Monday issue as well, giving a much larger volume of local news. About 4,000 subscribers are affected by the change.

WARN AGAINST HOG CHOLERA 'CURES'

Swine Disease Is Spreading Rapidly in Western Part of the State.

(Special to Post-Crescent)

Madison, Wis.—The state department of agriculture reports that hog cholera continues to spread in certain counties in the state. Fresh outbreaks are reported in La Crosse county, near West Salem, and Beaver Trempealeau county, near Galesville; Grant and Crawford counties, near Boscobel; St. Croix county, near New Richmond; Dodge county, near Beaver Dam and Juneau; Dane county, near Sun Prairie; Sheboygan county near Sheboygan Falls; Kenosha county, near Kenosha.

Veterinarians of the department of agriculture and local veterinarians in all infected localities are endeavoring to check losses in infected herds and prevent a spread of the disease to healthy herds. As the success of these efforts must be measured by the cooperation which the department receives from farmers and breeders the following warning note is sounded to breeders in all infected districts, but is particularly directed to La Crosse and Trempealeau counties:

"Don't put your faith in irresponsible vendors of improved hog remedies. Accept the assurance of all responsible authorities, and of all progressive experienced swine breeders, that there is no cure for hog cholera, and that there is no preventative for it except hog cholera serum, properly prepared and properly administered."

The department is informed that agents for hog remedies are working in infected territories and that they have made the following statements:

That it is not advisable to vaccinate against hog cholera because it lasts only 60 days.

That it spreads hog cholera.

That feeding their remedy will prevent cholera.

That they are representatives of the state veterinarian and will work free. All you need to pay for is the remedy.

Dr. Purcell in charge of the work for the department advises hog raisers to accept the assurance of the Wisconsin College of Agriculture, of the U. S. Bureau of Animal Industry, of the Wisconsin Department of Agriculture and of every progressive hog breeder in the country who has had experience with hog cholera that there is no truth in any of the statements. Also that it is advisable and necessary to vaccinate against hog cholera, and that vaccination lasts during the life of the animal.

WAUPACA BREEDERS WIN MANY PRIZES

State Fair Judges Award Honors to Cattle Men—
New London News.

(Special to Post-Crescent)

New London.—The attention of hundreds of breeders of pure bred stock in Wisconsin was attracted to the Holstein exhibit from Waupaca county at the State Fair this year. There were 40 head of registered stock in the exhibit. Wisconsin is already beginning to acknowledge Waupaca county as a leader in pure bred stock production. Waupaca exhibitors without previous experience brought home \$339 in cash premiums and blue ribbons. George S. Kelly of Royalton was chosen by the state herd to accompany the Wisconsin and International Stock Show at Chicago. Among the stock exhibitors at the state fair who captured prizes were Christensen Bros. who received second on a three year old cow and sixth on a yearling heifer and eighth on a two year old heifer; C. L. Raisler, G. Nottleson, A. E. Smith, George Lindsay and sons. The Waupaca county exhibit was rated above all county exhibits in attractiveness, presentation and advertising.

David Vanderveer of this city and Miss Freda Feragan of Ogdensburg, were married at the home of the bride Wednesday, the Rev. Mr. Lewis officiating. After the ceremony a dinner was served to relatives and friends after which the bridal party autoed to this city, where another dinner was served at the home of the groom's parents, Mr. and Mrs. K. N. Vanderveer. Mr. and Mrs. David Vanderveer will reside in the Mayo house on Pearl street after their return from their camping trip.

A deal was recently closed whereby John C. Freeman of this city purchased a general merchandise store at Bowler, Wis. of which Mr. Reak was the former owner. The postoffice is located in the building. Mr. Freeman departed for Bowler this week and Mrs. Freeman is attending to the packing of their household goods and will leave soon. Miss Sue Freeman will remain in New London and finish her high school course before leaving for her home.

About \$38,000 was used for road improvement in Waupaca county this year. Half was spent in building the Clintonville-Marion road. The remainder was spent in grading and graveling stretches of Sandy road in eight different towns.

Elief Ellefson, an employee of the Edison plant is nursing an injured hand as a result of falling against a circle saw.

Mrs. Thomas Mullen is this week entertaining her two brothers, Jack and Steve Reed, who arrived in this city on Monday from Fargo, North Dakota, where they spent the summer.

Mr. and Mrs. Stephen McCaslin and son Victor of Racine, who have spent the past two weeks visiting home folks here have returned to their home. They were accompanied by Mrs. Victor Thomas, sister of Mr. McCaslin.

Mr. and Mrs. George Freiburger enjoyed a visit from Mr. and Mrs. J. Finke and Mr. and Mrs. W. East of Milwaukee this week. The party was on its way to Antigo by way of New London.

MILWAUKEEAN TRIES TO KILL SELF IN JAIL

Racine.—Robert Manch, aged 23 years, claiming his residence as 208 Hanover street, Milwaukee, attempted to commit suicide in the county jail Wednesday afternoon by strangling with a piece of cord.

Manch was arrested on Sunday for the theft of two bicycles after being pursued by a dozen police officers for several miles and is being held for trial.

After placing a loop of heavy cord about his neck and tying the other end to cell bars he jumped from his cot to the cell floor. He was discovered in an unconscious condition by another prisoner, a few minutes later. After regaining consciousness he was found to be suffering from internal injuries, bleeding profusely and was ordered removed to a hospital.

EMBRYO TEACHERS START WORK IN PRACTICE SCHOOL

(Special to Post-Crescent)

Outagamie County Training School, Kaukauna.—Rose Jansen of Chilli, Clark county, enrolled in the Senior class this week.

Principal W. P. Hagman went to Hortonville last Wednesday to arrange an exhibit of school work at the Fair. Miss Carter spent the week-end at Hortonville, the guest of Miss Behrend.

The students began practice teaching this week at the Demonstration school on Second avenue, Appleton. The student teachers for this week are Helen Pamperin, Mary Bokunewitz, Agnes John and Audrey Bailey. Gladys Fiedler attended the fair at Chilton on Friday.

The classes in cooking are so much larger than ever before that added equipment was necessary to accommodate them.

Eunice Gillen of the senior class is in St. Mary's hospital, Green Bay, where she submitted to an operation for appendicitis.

Extensive improvements are being made in the Demonstration school building.

Miss Carter acted as judge at the school fair at the Kimberly state graded school, Wednesday.

RHINELANDER TO HAVE POTATO SHOW

Oneida County Spud Exhibit in November Will Exceed All Former Efforts.

Rhineland, Wis.—According to present indications Oneida county is to have a potato show this fall that will surpass that of any former year. The Rhineland Advanced potato association, the Oneida County Potato Growers' association, and County Agent C. P. West are co-operating to make this show a success. The date of the show is Nov. 10, which comes a week before the state potato show, and the best exhibits from the county show will be sent to the state show.

Mr. West is urging the growers to select their potatoes for the show at this time and will make a special trip through the county to assist them in arranging for displays. It is predicted that the entries will be about double those of last year's show. The armory here has been secured for exhibition purposes.

Within the last few years Oneida county has gained a place as one of the greatest potato growing sections in the country. Since the formation of the Oneida County Potato Growers' association last spring more interest has been shown in the industry than ever before. There was a marked increase in potato acreage in the county this year and a tremendous crop is being harvested.

ORGANIZE TO RAISE MONEY FOR GOOD ROADS

Stercora Point.—A county organization is in prospect which has as its object the promotion of good roads by floating a bond issue of \$1,000,000 covering a period of from ten to twenty years. PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

YOU have only to remember that your five-passenger Paige Glenbrook is an outgrowth of our experience in the precise methods of war manufacturing to realize that it is a decidedly superior product in the field of light sixes.

It was conceived by Paige engineers during the war period and was brought to perfection only after three years of the most patient research and experimental work.

Its six-cylinder motor is a distinct achievement in engine-building, surpassing every standard of efficiency hitherto attained in light sixes. In body and chassis construction also, it stands as the embodiment of the highest refinements known to automotive engineering.

Search the automobile market as carefully as you please and you will find, we believe, that our five-passenger Paige Glenbrook is quite without equal in the entire light six field.

As a practical vehicle for everyday use, it gives a full and unstinted measure of service for every dollar of its purchase price.

FOOTBALL SEASON GETS WEAK START

Only One Big Ten Team Will Get Into Action Saturday Afternoon.

By United Press Leased Wire
Chicago.—Football kicked off today with a rather feeble boot in mid-west. With the exception of a few important local games, the opening of the season saw little activity. Nearly all "Big Ten" coaches were keeping their hopefuls under cover for the big show which starts a week from today.

Reports from the training camps were inadequate. The mentors have been putting their squads through secret practice.

Indiana, which made a great showing toward the close of the season, especially in its game with Syracuse, was to meet its ancient Hoosier rival, Franklin College, at Bloomington today.

Jumbo Stiehm, was the one big ten mentor to show his hand today.

The Hoosier variety is every bit as strong as it was toward the close of last season, according to reports from Bloomington, and should have little trouble piling up a big score.

Another Hoosier family quarrel will be settled when De Pau meets Hanover at Green Castle this afternoon.

A line on the strength of the Michigan Aggies can be obtained from the size of the score they are able to accumulate in their game with Kalamazoo at East Lansing.

Other games in the mid-west included: Western Reserve and Toledo at Cleveland; St. Louis and Cape Girardeau at St. Louis; and Haskell Institute and Baker at Lawrence.

Games in the east:

New York.—Nine big eastern teams kicked off in the 1920 football season today.

The games scheduled were:

Harvard vs Holy Cross; Pennsylvania vs Delaware; Brown vs Rhode Island; Syracuse vs Hobart; Washington and Jefferson vs Bethany; Penn State vs Muhlenberg; West Virginia vs West Virginia Wesleyan; Rutgers vs Ursinus.

None of the major elevens was expected to receive more than a workout although last year's upsets had taught the coaches to respect even the supposedly weakest opponents.

Lawrence college booted off the 1920 football lid shortly after two o'clock this afternoon when it stacked up against St. Norbert college eleven of DePere at Lawrence field. Lawrence far outweighed the Catholics but the visitors were not daunted by the mass of beef which opposed them in the line.

Today's game should give some indication of the strength of the Lawrence eleven. Although the men have had only a few days work and St. Norbert college is a lighter team battle should show how collegians take to the game. They have only a few plays at their fingers' ends but they know those thoroughly.

Today's game will start the toughening process for the game at Madison next week with the University of Wisconsin furnishing the opposition.

Coach Richards has 50 men trying for positions on the Varsity squad but expects to cut that down to three teams before the end of next week.

Against that array Coach McChesney has 30 men to pick from. It is probable, however, that the Lawrence team will be nearly as heavy as the university squad.

Domestic servants in London now have an up-to-date social club.

CARPENTIER TO FIGHT IN NEW JERSEY ARENA

New York.—The battle between George Carpentier and Battling Levinsky, which was barred by the New York boxing commission, will take place at the time scheduled, Oct. 12, in the Jersey City ball park, the International Sporting club announced Thursday night.

The club issued a statement saying that the decision to stage the bout at Jersey City was made after 85 per cent of the membership of the club had voted in favor of the move.

Bids for the bout were received from promoters in Philadelphia, Boston Harbor, Milwaukee, Minneapolis and Cleveland.

Reports from the training camps were inadequate. The mentors have been putting their squads through secret practice.

FIFTY MEN TRYING FOR BADGER SQUAD

Coach Richards Confident of Turning Out Winning Machine at Madison.

Madison.—With the last stragglers arriving in Madison, Coach John Richards has settled his football squad into its stride for the coming ten weeks' grind on the gridiron at Camp Randall. Over 50 men comprise the squad that are working out twice a day on the field under the direction of Coaches Richards, Buck, Driver and Jones. By the end of this week, according to Coach Richards, the squad will be cut down to about 30 men. It is the plan of the coach, as in past years, to have the whole effort of the coaching staff concentrated on the men who have the possibilities of making good. The men were weighed in on Monday and scrimmage equipment issued to them.

The coaches are confident that the several players who are down in their studies at the present time will make up their deficiencies within the next two weeks. Among the list who will have to write off "cons" or incompletes, are such men as Barr, Sundt, Gould, Williams, Scott and Brunst. Unless these men are satisfactorily cleared by the faculty Richards can give up hopes of a high position in the 1920 conference race.

Barnes Looks Good

Barnes, a fast end from Carleton college, now eligible here; Perrin, likely candidate for a share of the full-back work, and Williams, probable running mate of Elliott as a halfback, are all being carefully drilled by Richards personally in the forming of a backfield for the first two preliminary games that will come in a few weeks.

Barr is running the team at the present time, with Davey running the second team. Stark, tackle on the varsity last fall, is at his old post and Scott was at his old place at tackle Tuesday. The guards are Rankin and Nelson of last year's squad. Bunge, last year's varsity guard, is working at center and the end Tuesday were Capt. Weston and Knapp.

Richards is driving his men thru a thirty-minute scrimmage every day since last Saturday. Only the fact that the men repeated in excellent condition and that stiff competition in the conference necessitates a quick start, led to the early scrimmage.
